STORM represents a defensive technique while **TEMPEST** represents an offensive technique.

A.K.K.I. UNIVERSAL WEAPONS SYSTEM

The AKKI Universal Weapon System is comprised of two components. First, the **LETTERS** designate the *Method of Execution*, T=thrusting, S=slashing, etc... Second, **NUMBERS** designate the *Angle of Execution*, 1 = inward downward diagonal, 4 = inward horizontal. etc... Together, the letters and numbers tell you specifically the direction and manner your weapon (knife, club) should be moving.
